SHADE SENT TO PATE CHARGED COUNTY ROADS WITH BURGLARY

By taking a shot at a negro woman, Barney Shade, a negro, got in trouble and fell into the hands of the police, and when arraigned for trial yesterday in police court was convicted and sentenced to five months on the roads.

It is claimed that Shade and the woman became engaged in some sort of a difficulty, and that the negro man fired a pistol bullet at the woman, but the pellet went wild. The police succeeded in catching Shade, and his conviction followed.

Will Pate has been arrested on a charge of burglary in connection with the burglarizing of the home of Henry Johnson, near Ashford, who sustained a loss of \$35 in money and a gold watch.

Sheriff John May went to the scene, and following his investigation Pate was placed under arrest, and allowed bond in the sum of \$500.

The money was taken from Johnson's pockets while he slept, and a gold watch hanging at some point in the room; was also too much of a temptation for the person who committed the theft.

Officers Destroy Condemned Liquors

Nine or ten cases of liquor, including some of the leading brands, were destroyed recently at the city's trash pile, is the eastern part of town, these liquors having been seized by the Sheriff and condemned by the courts. Warden Grady Granger officiated as one of the "bottle busters."

This makes several supplies of liquors that have been destroyed since Sheriff May has been in harness.

Greene Wants Hens Feathers and All

Hens alive or on their feet, feathers and all, speckled hens and hens without specks, gentlemanly hens that try to crow and others that don't, are wanted, and wanted badly by G. E. Greene who operates a ten cent store on East Main street, Dothan.

Greene wants hens and he is willing to pay 10 cents a pound gross for them, delivered to his store. He is not particular about their pedigrees, just so they are good hens in good health. No eggor is specified. The enterprising East Main street merchant has advertised extensively for hens and if you have any you want to sell it might pay you to see Greene. In his advertising matter he says he wants a car load, so don't be afraid of overstocking him at the price he offers—10 cents a pound, feathers and all.

Now reader, don't get the idea that he is a dealer in hens alone, because he is not. Hens at this time, is just one of his specialties. He runs a first class ten cent store, and handles various novelties and articles too numerous to mention here. He tells you about them from time to time in his advertising.

Greene believes in telling people of what he wants to buy and what he has for sale. He follows out this policy, too. So when you are in Dothan and need something in his line, it would not be amiss for you to investigate his offers regardless of whether you buy. Greene is a hustler, and right now he wants hens.

Greene, as previously stated, wants hens.

LOCAL PEOPLE MUST REGISTER FOR SUNDAY SCHOOL CONVENTION

Chairman McClintock and the committee in charge of the arrangements for the State Sunday School Convention, which meets in this city next week desire to inform local people who contemplate attending the sessions of this body that the seats in the Foster Street church are to be open only to the delegates, of whom there are expected about 1200; and that in order to be a delegate, everyone must register at the registration room, and secure an envelope containing an Excecl song book, the official convention program, the Alabama Sunday School Annual, and the convention badge, the last named admitting the holder to all the sessions of the convention, and entitling him or her to a vote. For this package a charge of 50 cents is made.

This statement is made to do away with any possible misunderstanding on the part of Dothan people. Every attendant at all the conventions must provide himself or herself with the badge and literature named.

Take courage, your noble worthy farmers wife, you can at last get a ready market for your turkeys, your hens, your fryers. Greene's Ten Cent Store is truly a farmer's friend. They are establishing a new high price for poultry. Take them your turkeys, your hens, your fryers. They pay you more than you've ever gotten for them.

PRAYER SERVICES.
There will be regular prayer services at the Presbyterian church this evening at 7:30 o'clock, and all are invited to attend.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Tonic Gray, Faded Hair Dark and Glossy.

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which was a messy and troublesome job. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle for about 50 cents. Everybody knows this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes luxuriant and its natural color is restored.

"BIG SAM," 1 INCH LARGER THAN BIG LIZZ

The photograph shows "Big Sam," which broke down a specially built steel freight car which was carrying it to the testing grounds. It is one inch larger in calibre than "Big Lizzie." "Big Sam" is the American Soldiers nickname for the 15 inch gun, and "Big Lizzie" is the British soldiers appellation for the 15 inch gun. The German troops call their 42 centimetre howitzers "Jack Johnsons."

SPEIGHT GETS GOOD POSITION

Judge Clayton Appoints Josh J. Speight Referee in Bankruptcy, Succeeding J. L. Pollard, Resigned.

Montgomery, Ala., March 30.—Josh J. Speight, former secretary to Judge Henry D. Clayton while the latter was in Congress, and himself a candidate for representative from the Third Alabama District last year, was appointed referee in bankruptcy in Dothan by Judge Clayton late Tuesday. He will succeed J. L. Pollard, resigned.

Judge Clayton also appointed Eugene A. Burke as referee at Opelika in the eastern division, to succeed the late A. E. Barnett, who died about a week ago. Mr. Barnett was also an appointee of Judge Clayton's. The appointments become effective April 1.

Mr. Speight, who will be referee for the Southern Division of the Middle District, has recently been practicing law in Eucla. Following the appointment of Judge Clayton to the Federal Court bench here, he was nominated for congress to succeed Judge Clayton, but his nomination by the district committee was declared void by the State committee. He then made the race and was defeated by W. O. Mulkey.

With the appointments of yesterday three new referees will take office in the Middle District tomorrow, the third being Malcolm S. Carmichael, of Elba, who will succeed Judge Asa E. Stratton at Montgomery. He was appointed for a term of two years by Judge Clayton last week. Judge Stratton, who has been referee here fourteen years, will practice law.

IESUS HOMINEM SALVATOR.

This is the closing week in the life of Jesus. Last Sunday was the Day of Triumph; the day of the Triumphal entry into Jerusalem. Monday and Tuesday he preached in the Temple to the throngs of Romans, Jews, men from Persia, Arabia, Egypt, and to the swartthy races from beyond the Eastern borders of the Cornelian Sea.

Wednesday—the day blessedly beautiful in the memory of the faithful girls, Mary and Martha, for the Lord spent this day in retirement in the quiet city of Bethany with them. What talks of the events of the ensuing week and the Day of Sorrows so near at hand? Tears from the eyes of the saintly girls; words of comfort from the lips of the Lord; smiles of assurance that, in finishing the task of Redemption, He would leave to them and to the world the blessed benediction of His Grace.

Thursday—The Silent day. He still, O Heart. In the great, wide reaches of Glory, He must have wandered. Walked and talked with the Father. Galleries upon galleries of Angels surrounding. Choir above choir, chanting the melodies of the skies to the dispensations of Eternity. The cloudlands of Heaven, spun into thin filaments of gold and glory by the breath of Seraphs; The hush and the peace of Infinite Rest, all about.

Thursday Night—The night in Gethsemane—His betrayal; His arrest; His swelling heart.

Friday—His trial before the Romans; His conviction; His journey; His last journey; His burial in the Arimathian tomb.

SUNDAY—"Resurrection Morn." The day of Human Renaissance—Delivery; Day of HOPE. DAY OF ALL DAYS the blest. "But Mary stood without the sepulchre weeping; she saw two angels sitting within the tomb; 'Why weepest, woman?' 'They have taken MY LORD away.' 'I know not WHERE to find Him.' Another voice breaks the stillness of this Sabbath dawn: 'WOMAN, WHY WEEPEST THOU?' In the agony of her soul she cries: 'Sir, where HAVE you borne HIM? Where laid HIM? I will take HIM away.' Jesus said unto her: 'MARY.'

She heard again the voice that her heart had longed to hear; the cry of her soul had been for these days: "O, for the touch of the vanishing hand, and the sound of the VOICE that is still." And that is the reason why Winchester stayed in the lot.

U. S. SUBMARINE HAS BEEN MOVED NEARER TO SHORE

green tent, whose curtain never outward swings.

"Give me a heart that still can feel,
And eyes that still can weep."

May the events of this week sink into the hearts of us all; quickening our consciences; stirring the souls of us to heartfelt adoration; God help us to let the white light of the potent power of His Miraculous Illumine our minds, sweeten our natures, enrich our souls, deepen our worship and rehabilitate our spirits.

To realize "What Manner of Man is He," we must put our lives in the path of the Divine Circuit, the fluid forces of the Life Heavenly filling our souls; drinking deeply of the polluted waters of the murmurous streams, springing from the pure fountains of the Prince of Peace.

You who believe in the sentiment of human energy; the love and the worship of this life; you who believe in HOPE, the noblest faculty of the mind; in Devotion; that waits and is patient; in enduring sacrifice; in self-abnegation; in the power to suffer—to suffer for the agonies that are deeper than Death; you who can walk upright within the Shadow of the mysteries of sin and pain; you who can see thru the cloudlands of sorrow the gold and the glory of heavenly Nephenthe; pass thru betrayals and trials and convictions and crucifixions; let me pray you to lay your lives under the protection of the Christ of the Resurrection, for, "Of Him and Through Him, are ALL Things."

Forget not that the Week Closing; the Week Holy; the Week of Pain; the Week of Sacrifice; of Love ineffable; of Atonement, ends in the RESURRECTION of the LIVING SAVIOUR.

Forget not, that in the closing week of our life, we too, must pass under the shadow of the Hills Eternal; we too, must enter the tomb of a Joseph; but God grant, that an Angel will roll away the stone on the Morning of the RESURRECTION, and that we, too, will wander at will in the meadow lands of Glory, under the ambient skies of the Land of the Son.

Washington, March 30.—Submarine E-4, sunk at the entrance to Port Harbor, Honolulu, had been moved 300 feet shoreward at 3 o'clock this morning, according to a message received today by Secretary Daniels from the commander of the First Submarine Division. The message gave no details.

The brief message was the first positive word that the rescue ships had made any progress in bringing the lost submarine to the surface. While it gave hope of salvaging the boat, it revived no hopes that any one of the 21 inside would be found alive.

Lieutenant Smith reported yesterday that the water about the E-4 varied in depth from 43 to 60 fathoms. The distance to the harbor light, presumably the nearest land, was reported at 2,800 yards, which would mean the E-4 now was within 2,700 yards of shore and that about water in which divers could work was much closer.

"MOONSHINER" IS CAPTURED

M. Wilson, Who is Said to Have Escaped Officers by Pretending Winchester, Caught in Georgia.

M. Wilson, who evaded the revenue officers when they raided his house near Newton, and who ran out of the building with a Winchester rifle in his hand, has been captured at Thomaston, Ga., and is now in jail at Columbus, Ga.

Wilson will be given a preliminary hearing at Columbus, Ga., but the case will probably come up for trial at the regular term of the United States court in Dothan, Judge Henry D. Clayton, presiding.

Deputies Fred Shochan and Robbins recently obtained information that Wilson was alleged to be operating a stillery in his house near Newton, so they proceeded to make a search of the premises. Some of the officers, it seems, entered a side or a rear door, and when Wilson came out he held a loaded Winchester. He escaped.

Determined not to be outdone, the officers took up the trail of the man and followed him to Thomaston, Ga., where the arrest was made. Wilson walked most of the way, but let some of his family ride, as the accommodations were not sufficient for all. When the officers reached Thomaston they asked the assistance of the police, and the man was captured at the residence of a relative, without any bloodshed.

Revenue officers who work in this section believe that Wilson is wanted in North Georgia or South Carolina, although this has not been confirmed. He is alleged to have shown signs of a wound at Pineburg, and told people there that he was shot in an encounter with revenue officers.

The officers say they found a quantity of corn liquor at Wilson's home near Newton.

IF BACKACHE OR KIDNEY'S BOOTHER

Get Less Meat Also Take a Glass of Sarsaparilla Before Breakfast.

Uric acid in meat clogs the kidneys; they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the back is irritated, and you may be obliged to walk or lie down for three or four days. The kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach pain, tongue coated and you feel rheumatic twinges when the weather is bad.

Get less meat, drink lots of water, also get from any pharmacist four ounces of Sarsaparilla, take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will clear up. This famous Sarsaparilla is made from the acid of grapes and onion juice combined with sarsaparilla and has been used for generations to clean clogged kidneys and regulate them to normal activity, so to neutralize the acids in your system, then curing blood-poisoning.

Get Sarsaparilla in concentrated form, and you'll get a more effective result. Little capsules which everyone should have, and then to know what the cheap and active Sarsaparilla say they tell you. In Dothan, Ala., at the

The Legislature Committee.

Two legislative committees have been to Dothan. They came here to consult with the people, and to find out what the people wanted along certain lines.

One committee—the committee on Finance and Taxation, wanted the people's advice about cutting down certain appropriations, and making other curtailments so that the state could live within its income, without the necessity of raising taxes. The committee thought that the state could be run without raising taxes, and they wanted to hear from the various business men, and get their ideas.

The Joint Committee of the Judiciary, composed of lawyers, wanted to hear from the various lawyers and court officials over the state about certain proposed changes in the judiciary system. The laymen are much interested, but the lawyers are more interested because the proposed change would affect every one of them.

It was a general idea that our courts were cumbersome; that we were holding court too often for the results the people got.

It is going to be a hard matter as one man expressed it, to get a bill through that will suit them all or any considerable part of them. But there should be certain changes made that will result in getting verdicts without the usual delays, even if it takes more courts.

When the committees have finished their work, of visiting every section of the state, they can then, at least, present a bill to the legislature that promises to please most of the people affected. It may get through, and it may not, but the committee will have done their duty in going to the people for suggestions.

Neither of these committees were investigating committees, in the sense that is applied to them, for the investigating committee hasn't been able to get away from Montgomery and Birmingham, during its probing process. It has found plenty to do in those localities. We will not be visited by that committee, likely.

Because the first committee that came was known as the Finance and Taxation committee, a

ance and Taxation committee, a few, unformed individuals, had an idea that they were around for the purpose of finding an excuse to raise taxes. Not a member of the committee, or of the entire legislature, wants to raise taxes. They all know the state must have a certain amount of money to run it. And that it has a certain income. The Committee, you might say, were helping to fix up a budget. Certain appropriations might be cut, of so where? Certain offices might be abolished, if so, which ones? When all this is done, they could see what the income would be, and then arrange to take care of the state's obligations. But retrenchment—economy in all departments, has been the cry, and these committees have that in mind.

Business is Better.

Business is better in this section of Alabama, and it doesn't take a close observer to see it.

A few days ago, we asked one of the wholesale grocers here how his business at this time compared with the same period last year. He said his business was twenty-five per cent better! Who'd a thought it?

To be fair, however, we asked another wholesale grocer how his compared, and he said his was off a good deal to what it was a year ago, but was off through their own efforts; that his firm could have done as much business as it did a year ago, but that they had purposed the policy of insisting on closer cash payments, and that his observations were, that there were more merchants paying cash for their goods, and demanding cash of their patrons.

Almost any day, you can see more people on the streets, with bundles under their arms, than a few weeks ago. You hear less of hard times, and the depressed condition on account of the war. The reason is, we have adapted ourselves to the inconveniences, and are getting back to the normal.

To illustrate how easily people can adapt themselves to inconveniences, we quote what a big farmer said the other day. Speaking of his hands. He said he was going to make a crop cheaper than he ever made one in his life, said last year he had one particular negro, who plowed in six dollar sheep. That same negro

asked him the other day to bring him a pair of shoes back from town. He went around to a supply merchant and bought a pair of course work shoes for \$1.50 and carried them to the negro. He didn't like them at first, such a come down, but the boss told him he needn't take them, that he could go barefooted, and he would sell them to another man on the place. He took the shoes, and is satisfied with them.

It probably takes a stroke of misfortune to wake us up, every few years. We would become too extravagant, as we always do, but for a streak of ill luck that is sure to come at times.

But we have been forced to economize for six or eight months. Our businesses have suffered much. Every one has been forced to change the methods, and one of the good things that has come, is a tendency to get on a cash basis. That will help any country. The credit business is the ruination of any country.

Business is getting back normal and while it's getting back, it is a much safer business. People are not taking the chances. The merchants are more particular who they sell, and it is bound to result in good for the community.

And the merchants and other business men have learned another valuable lesson. They have learned more about who is entitled to credit, and who is not, and that is worth much.

The fact that cotton is creeping up in price, for the last few days has helped trade conditions, but it would be worth far more to the farmers if cotton didn't go up any till about May 15th. Less would be planted.

INTERNATIONAL HARVESTER

Features of International Harvester Engines

WEIGHT is a good thing in an engine, provided the weight is put in the right places. In the H.C. engine the extra weight goes into the fly-wheels to store up power into the cylinder walls, making it possible to run the cylinder at a low speed, into the valves to prevent them from closing too fast. These are the parts where weight counts.

Only I.H.C. fly-wheel split hubs. A split hub in a fly-wheel is no more than a solid hub until something occurs which requires the removal of a fly-wheel. Then the split hub is needed.

The one feature, which costs practically nothing when you buy an H.C. engine, may save you a heavy repair bill in the future. Come in and let us show you the other strong points of I.H.C. engines. You are enough of them to keep you interested for a half day or more.

A WONDERFUL HEALING INFLUENCE IN KIDNEY TROUBLES

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it as Stone in the bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass gravel in urine until I had passed it in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-root.

"DRY" TOWNS SCORE HIGH.

Out of fifty-three high school teams at Stanford, Cal., that competed for athletic honors, the six that scored highest came from "dry" towns. At the intercollegiate field meet, at Berkeley, same state, sixty-seven high schools were represented, and their three leading teams were also from "dry" towns.

LABORING MEN PROSPER.

"Do more laboring men own their homes now than under the saloon regime." This was one of the questions sent to fifty cities and towns of Tennessee some time ago. The replies showed an increase of 48 per cent in the number owning their own homes since prohibition went into effect.

A PATRIOTIC DISTILLER.

No, he is not an American, hyphenated or otherwise; he is Prince Opatowski of Russia, and he thus declares himself: "Serious as the matter may be for us if drunkenness can be eradicated we distillers are in duty bound to welcome the reform and make every sacrifice for it."

MAKING PROGRESS.

In 1904, with a population of 4,000,000, New York had 22,267 saloons. In 1904, with a population of 10,000,000, the state had but 22,473 saloons, an increase in population of 4,000,000 in 18 years and a decrease of 5,784 saloons for the same period.

FUNCTIONS OF BRAIN.

The last formed and highest function of the human brain, which is the acuteness of right and wrong, is the first to become palsied from the toxic action of alcoholic spirits. This palsy is a readiness to recognize the ethical relation of life and surroundings.—Dr. J. D. Crothers.

TIME WASTED.

There is no use wasting time on any young man who drinks liquor, so much so that how exceptional his talent.—Andrew Carnegie.

Whenever You Read a Good Book Take Groves.

The Old Standard Groves' Tonic is a General Tonic, because it contains the well known tonic properties: QUININE and IRON. It acts on the Liver, Drives out Malaria, Clarifies the Blood, and Builds up the Whole System. 50 cents.

THE DOTHAN EAGLE

BEHOLD OF WHISKY VICTIM.

Some years ago in a village of western New York on election morning the recognized village toper went to the polls. He asked for a temperance ballot, and a liquor seller got him and, supposing a joke was at hand, holding it as best he could with trembling hands, the beer-eyed, bloated-faced, reeking, unkempt man went to the ballot box and registered his wish. Then they began to read and soon at the head of the line was a temperance vote. "A pretty temperance voter you are," said one. "Why, if there was a bottle of whisky under there at the top of that liberty pole, and if you could have the whisky by climbing the pole at the risk of your life, you know you'd climb." And then the drunkard straightened himself up as best he might and answered them: "Know it!" he said, with trembling, painful emphasis. "Know it! Oh, yes, I know it. And I know another thing, gentlemen—if the whisky wasn't there I wouldn't climb."

TRIED AND CONVICTED.

It is one of the most cheering signs of the times that the cause of temperance is steadily gaining champions in the United States Congress. This from Representative Clyde Kelly of Pennsylvania: "The American saloon has already been tried and convicted in one-half the territory of the United States, and in the remaining territory where it still waves the Stars and Stripes it will soon be seeing the stars and wearing the stripes. Facing the facts and knowing the meaning of the struggle, the liquor interests are forming a battle line of gigantic strength. We accept its mighty challenge, for we know that with this giant wrong overthrown many others which have marred and scarred humanity for generations will go crashing down in one great heap of wreck and rubbish. And crediting that we do not ask how many the enemies are, we only ask where the enemies are."

NO FINANCIAL PANIC.

The American Machinist recently published a chart showing the number of workers (wage-earners, proprietors and executives) employed in twelve of the manufacturing industries of this country. The following are the figures:

Foundry and machine shops	1,127,371
Lumber and timber products	704,320
Printing and publishing	285,120
Cotton goods	267,171
Wool clothing	254,827
Iron and steel	250,703
Shoes and shoes	218,529
Tobacco products	197,731
Woolen clothing	195,718
Meat products	108,718
Distilled liquors	67,727

If all the breweries and distilleries were to close their plants tomorrow there would be no panic in the business world, only a little readjustment.

HER LITTLE LECTURE.

A young man, in company with several other gentlemen, called upon a young lady. Her father was present to assist in entertaining the guests, and offered wine, but the young lady asked, "Did you call upon me or upon papa?"

Gallantry, if nothing else, compelled them to answer, "We called on you." "Then you will please not drink wine. I have lemonade for my visitors." The wine glasses were set down with their contents untested. After leaving the house one of the party exclaimed, "That was the most effectual temperance lecture I ever heard."

POLICEMEN AGAINST SALOONS.

"How many of you would like to see all the saloons closed?" asked Catch My Pal Patterson, of 209 policemen who had gathered at the mounted police headquarters in Chicago to hear him speak. All but about twenty-five men stood up.

CHEERING NEWS FROM TEXAS.

The farmers of Texas are organizing to "oppose the liquor traffic and to assist in all proper ways in driving liquor out of the state." Since farmers are a potent factor in the making of "dry" states, this is a cheering sign of the times for the Lone Star State.

COLORADO BANKS GAIN.

During the six weeks immediately following the adoption of state-wide prohibition the state banks of Colorado made a gain in resources of \$1,578,833.25. The real estate dealers say that salesmen and borrowers are buying real estate and truck farms.

BREWERS' VIEW.

"There are some companies and individuals who are doing a great deal of business in the liquor trade."

STOP CATARRH! OPEN NOSTRILS AND HEAD

12 1/2 Cream Applied in Nostrils 12 1/2 Cream Head Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, sniffing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

Company decided to change on per-
cent more than the ordinary pre-
mium, because they looked upon the
applicant as a man and woman and as
mentally created in that the temper-
ance movement was a result of the
found in alcoholic drinks. As the
result of this action, the temper-
ance friends, founded the first temperance
insurance company in America. And
himself lived to the age of eighty-
two.

LIQUOR REVENUE NOT NEEDED.

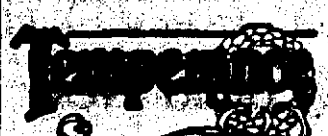

"Only last year there was expended
in Raleigh for the construction of resi-
dences, business institutions and pub-
lic buildings the stupendous sum of
\$1,459,221," declared Hon. Mr. J. H. Hain,
commissioner of labor for North
Carolina, in a recent address. "And
the beauty of it all is that not a dollar
of this money was realized from
either the sale or manufacture of in-
toxicating liquors. I am informed
that the loss of revenue formerly re-
ceived from the distillery once in
operation here has long since been
counteracted by a legitimate increase
of taxable values."

SALOONS ARE MISSING.

"If we could construct our own rail-
road, we could today enjoy a journey
from old Virginia on the Atlantic to
funny California on the far Pacific
without passing through an inch of
territory where the saloon is legal-
ized—Anna A. Gordon, President Na-
tional W. C. T. U."

Christian Temperance Union.)

EVEN THE UNDERTAKER.

A certain temperance lecturer at one
point in his address is in the habit of
asking out "the gold watch" and say-
ing, "I will give this watch to any-
one present who will arise and tell
me one class of people in the world
that has ever been benefited by the
saloon."

"The class that offer all over this
country, and no one ever took it up,
until one gentleman stood and said:
'I think I can tell you one class.'"
"What's that?"

"The undertaker."
My friend was about to explain his
watch and said: "Hold on! Be-
fore you give away that watch allow
me to say that I have been the under-
taker in this community for 25 years,
and I have buried a great many of that
kind of people; but whenever I am
called upon to lay away an old work-
er, any member of his family I al-
ways know it's a charity job; that I
shall never get the money, I should
be much better off today if I had never
had to bury one such case."

TROUBLE FOR J. BARLEYCORN.

There is a doughty fellow, prime
favorite and both companion of our
countrymen, who is "getting in bad"
with the powers of taxation all over
the world. His name is John Barley-
corn.

Peace and war, foreign commerce and
trade at home, all hinge upon trouble
for John. In the United States he
dodges around the corner at the men-
tion of votes for women, and has been
evicted from several states where
women do not vote. In Europe, he is
called on the plea of military neces-
sity. In Germany he made himself
out of favor with the Kaiser in
France he is hated as a poisoner of
lack of patriotism; in England he is
tolerated chiefly that he may be taxed,
and in Dublin a lawbreaker, even there.
—Chicago Journal.

COST TO THE GOVERNMENT.

Writing on the question of re-
forms, mentions a disconcerting con-
trast to temperance advocates. Daniel A.
Felling, superintendent of the crim-
inally department of the Christian
Endeavor society, says: "The fact that the
saloon has never been responsible for
the raising of taxes anywhere sug-
gests the real answer to this ques-
tion: 'When the American govern-
ment,' says Mr. Felling, 'some measure
the saloonhouse reformers, anyone for
the income and profits, served for the
saloonhouse, and the saloonhouse is in-
directly out in temperance efficiency,
saloonhouse character and moral be-
havior, it will strike harder than the
taxes of the people this cup of economical
and financial evil.'"

CRIME PRODUCER.

Labor is the greatest of all crime
producers. Out of 119 prisoners in
the state at one time, 95 were either
drinking or were drunk at the
time of the crime, or the deed was
planned in a saloon. Two hundred
and thirty out of 250 cases of in-
sane persons in America—San Francisco
and the United States of America.

"TELEPHONE US."

If you have a visitor or know of any one coming or leaving Dothan, please telephone The Eagle, 119, or our Society Editor, Mrs. Eric Cederstedt, telephone 644. The letter will be given to the printer. The Eagle prints ALL persons of people going and coming.

Prayer—

O Lord God, who has taught us that all our doings without Thee are nothing worth; draw very near to us during this season set apart for counsel and instruction that we may more perfectly accomplish Thy will and work. Through the indwelling of Thy Holy Spirit strengthen in our hearts the sense of our responsibility to Thee in our work as mothers and teachers. Open our minds to receive the truth, and make us loyal and wise and true in imparting it. We ask this of Thee, our Father, Amen.

The Home Beautiful.

Where there is faith there is love, Where there is love there is peace, Where there is peace there is God, Where there is God there is no sorrow.

New Century Club

Meeting—
Mrs. G. H. Malone entertained the New Century Club very graciously on Tuesday afternoon. The club was called to order by the President, Mrs. Ed Harmon. Several important business matters were disposed of, the time of meeting was changed from three o'clock until four o'clock. An organization meeting of the six districts which comprise the fourteen federated clubs of which Dothan is the headquarters is to be held May the 4th and 5th. This meeting is to be presided over by Mrs. C. E. Harmon.

One of the most interesting programs of the entire year was arranged for yesterday; the program was as follows:

Roll Call; Contemporaries of Napoleon.

Club Discussion: Saint Denis, Books 11, 12, 13.

Paper: "Literary Value of Les Miserables," Mrs. W. C. Fritter.

Victoria Selections: "Sing, Smile, Shimmer," Emma Calve.

Executive Session from Dickens, "Tale of Two Cities," Miss Sue Malone.

The many friends of Mr. Harvey Forrester will rejoice to know that his condition is greatly improved today.

Miss Mary Dinkins has returned from a visit to Miss Ruby Thrasher, at Micanopy, Fla.

D. A. Q. Club Entertained by Mrs. Morris Ford—

In spite of the inclemency of the weather on Tuesday afternoon, the meeting of the D. A. Q. Club with Mrs. Morris Ford as hostess, was one of rare pleasure.

Sweet peas and carnations formed the lovely decorations used in the reception hall and dining room, where Mrs. Ford entertained her guests.

Auction Bridge held the attention of the guests until late in the afternoon, when the cards were removed, and a most delicious luncheon was served at the card tables.

The high club score of Miss Idoline Brown entitled her to the prize, a silk hose, while the guest prize, a crocheted centerpiece, was won by Mrs. G. M. Law.

Mrs. Ford's guests were Mrs. Charles Gibson, Mrs. G. M. Lewis, Mrs. Saxon Poyner, Mrs. George Heller, Mrs. Quinn Nix, Miss Alice Watford, Miss Idoline Brown, Miss Nettie Leslie, Mrs. J. B. Moore, Mrs. Oscar Stallings, Mrs. T. H. McIntyre and Mrs. Ernest Ford.

Brief Personals—

Miss Weeda Chapman and Miss Annette Murphree of Troy will be the guests of Mrs. C. O. Golsen during the Sunday School Convention.

Mr. Joe Bennett will leave Thursday for Panama City, Fla., where he will enter the wholesale grocery business. Mrs. Bennett will spend some time with her parents, Mr. and Mrs. J. R. Faircloth.

Miss Maude Crawford and Mr. N. B. Crawford have returned from a short visit to relatives in Panama City.

Mrs. Cary Jordan of Troy will arrive Monday to visit Mrs. J. M. Williams.

Mrs. H. W. Jackson and Mrs. Haynes of Jakin, Ga., spent yesterday in the city shopping.

Miss Florrie Malone and her guest, Miss Ophelia Davis of Columbus Ga., are spending several days with relatives and friends in Dothan.

How to Treat Croup Externally

Rob Vich's "Vap-O-Rol" Salve will over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime assures against a night attack. 25c, 50c, or \$1.00. At druggists.

IN ALL OUR NEIGHBORHOOD

There is Hardly A Woman Who Does Not Rely Upon Lydia E. Pinkham's Vegetable Compound.

Princeton, Ill.—"I had inflammation, hard headaches in the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend the Compound and praise it to all. I shall be glad to have you publish my letter."

There is scarcely a neighbor around me who does not use your medicine."—Mrs. J. F. JOHNSON, R. No. 4, Box 30, Princeton, Illinois.

Experience of a Nurse.

Poland, N. Y.—"In my experience as a nurse I certainly think Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition in time. I will gladly do all I can to help others to know of this great medicine."

—Mrs. HORACE NEWMAN, Poland, Herkimer Co., N. Y.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Marianna, Fla. They will return Thursday evening accompanied by Miss Corni Dele, who will be Miss Malone's guest for several days.

Mrs. Joe Harrison and little Miss Miley Ellen Harrison, of Hartford, are the guests of Mr. and Mrs. Harris.

Miss Alice Coleman, who has been the guest of Mr. and Mrs. M. A. Williams, left Monday for her home in Danville, Va.

MAKE YOUR OWN ICE CREAM THEN YOU KNOW ITS PURE.

Its real easy, too, when you use a SIMMONS WONDER FREEZER. The cogs are outside, easy to clean. There is a round hole at the bottom instead of a square hole. It has a metal top instead of a tin top, in fact, it has many points in its favor and can be made to freeze cream in a few minutes.

There is a tide in the affairs of men which taken at it's flood, leads on to fortune.—Shakespeare.

Reader, have you ever seen the tide approach, hesitate, then watched it recede and realize you had lost your opportunity? The other man you call lucky is not any luckier than you—he saw the opportunity and grasped it.

"Never in the history of the world has been so remarkable a change in monetary conditions as has taken place in the United States between August and March. The balance of trade in our favor for past three months is over four hundred and fifty million dollars."—Dunn & Co. March 27, 1915.

No one at all conversant with world conditions can fail to appreciate the indisputable fact that the present year is destined to mark the dawn of the greatest era of prosperity in the industrial history of the U. S. After this war reconstruction must begin and this is where the U. S. will be called upon. For every bridge dynamited, every house raised, every ship scuttled will have to be replaced, and the great industrial plants of the U. S. will be kept working night and day for a long time.—Gardner & Agate, Representing Canada Steamship Lines.

Are you awake? Are you anticipating the great awakening that is coming? The rebound has already set in.
